FRYE PRESENTS \$2,800 CHECK TO DISTRICT SIX RECREATION CENTERS

Frye recognizes recycling efforts within the community

San Diego, CA- Tonight, Councilmember Donna Frye presented a check for \$2,802 at the North Clairemont Recreation Center that will benefit all recreation centers in District Six. The check is the result of a recycling program designed to create additional revenue for park and recreation centers throughout the city.

Frye said, "Using our local park and recreation centers to encourage residents to recycle is beneficial to community members. Residents have an easily accessible place to bring their recycling and the neighborhood park and recreation centers benefit from the extra revenue those recyclables create."

Since 1992 the recycling program has generated over 15,000 tons of recyclables and earned more than \$800,000 in revenues for the park and recreation sites. The city-wide program currently includes forty-four park and recreation sites. In 2005 the program took in over 1,300 tons of recyclable material, generating over \$37,000 for park and recreation centers. This year the North Clairemont Recreation Center produced the largest amount of recyclables in District Six. The total amount of the check includes revenues earned at all recreation centers in District Six (North Clairemont, Cadman, Kearny Mesa, Linda Vista, Serra Mesa and Tecolote).

Frye is the Councilmember for the Sixth Council District of the City of San Diego, which includes the communities of Clairemont, Kearny Mesa, Linda Vista, Mission Bay, Mission Valley and Serra Mesa. She has served on the City Council representing District Six since June 2001. She is currently the chair of the City Council's Natural Resources and Culture committee.
